

The top photograph captures the interior of a traditional Japanese onsen (hot spring bath). The walls and floor are constructed from light-colored vertical wooden planks. In the center, a folded grey towel and a small wooden headband (hachimaki) rest on the floor. To the right, a large wooden bucket (kazaridaru) stands next to a decorative arrangement of dried flowers. The bottom photograph shows the exterior entrance of the onsen. The building features a curved facade with light-colored brickwork. A white column supports a small overhang above the entrance. A set of yellow-painted concrete stairs leads up to the entrance, flanked by metal railings. A small window with a dark frame is visible on the wall to the right of the stairs.
