

Автоматические выключатели серии S200

Технические характеристики: номинальный ток от 6 до 100 А; напряжение 230/400 В; номинальная отключающая способность 6 кА. Двойные клеммы для подключение кабеля: 35 мм² (для авт. выключателей до 63 А) и 50 мм² (для 80 А и 100 А) и шины (до 10 мм²) с защитой от прикосновения (IP20). Наличие индикатора состояния контактов. Возможность использования дополнительных аксессуаров. Рекомендуемые шинные разводки — серия PS. Соответствие ГОСТ Р 50345-2010; ГОСТ Р 50030.2-2010
